## A letter from the BBSH Senior Faculty:

Dear Prospective Student,

On behalf of all the students, faculty, and staff at the Barbara Brennan School of Healing (BBSH), we'd like to welcome you to our school. We are truly excited to have the opportunity to open our doors to you and teach you more about our amazing and one-of-a-kind school.

As the Senior Faculty of BBSH, we would like to personally express to you what an exciting time this is to be a student at BBSH. Our world-class faculty has never been better, our student body is energetic and open, and our facility at the World Golf Village Resort, close to the historic city of St. Augustine, is an energizing setting for study and self-renewal.

During your time with us, you will have the opportunity to sit in on real classes, learn actual skills, and ask all of the questions you may have about our school, the curriculum, or even student life. Besides you learning about us, we also want to learn about you. This can only be done through one-on-one interactions with students and faculty. It's these interactions that truly drive not only our Student for a Day program, but the entire school!

We look forward to welcoming you to our school and look forward to meeting you!

Blessings,

Lisa VanOstrand  
Laurie Keene  
Donna Evans Strauss

## Details about your visit with us

The Student for a Day program is designed to provide a brief look into a day in the life of a BBSH student. The sessions you will be participating in have been selected especially for the purpose of exposing you to as much of our school as possible in the brief time you are with us.

We encourage you during your visit to ask lots of questions of not only the staff, but also the students. Students will be your best resource for answers about the student experience during your visit. A formal question-and-answer session with select teachers and staff will also be held to help you learn more about our curriculum and teaching approach.

At the end of each evening, the Year 4 students will be presenting their year-end ceremony. This is typically a set of performance pieces that each class year performs describing their journey over the last year. You are welcome to attend this as well.

For more information about the Student for a Day program or our four-year program, please contact our office. Our admissions staff is waiting to receive your call!
