

*HMD LECTURE: Thursday, April 16, 2015*

## **Autism**

*Presented by Tania Buchanan Boyd*

Tania Buchanan Boyd will be giving an informative lecture on Autism, its relationship to Brennan Healing Science and ways to work energetically with Autism. She will be discussing the background, interventions, implications and possible causes of Autism. Tania will discuss the emotional implications for the family and ways to use Brennan Healing Science to bring healing to the whole family. She will share her personal story of her ongoing journey through the agony and joys of having a son diagnosed with Autism.

**Tania Buchanan Boyd** is a stay-at-home mom, student, and holistic practitioner. She is trained in Psychology, Energy Medicine, and Bodywork. In 1999, Tania graduated with high honors from the University of North Florida, earning a B.A. in Psychology. In 2006 she earned her professional diploma in Brennan Healing Science from the Barbara Brennan School of Healing (BBSH). In 2009 she became a Licensed Massage Therapist. She is also the mother of a three-year-old autistic boy and has acquired many trainings and experiences in the areas of Applied Behavior Analysis, the P.L.A.Y project & DIR Floor Time. She is tailoring her education to specialize in holistic care and treatments for autistic children.
